DIRECT TV INSTALLATION AUTHORIZATION

All Seasons, LLC has given _____ authorization to have Direct TV installed by a licensed Direct TV technician as long as NO hardware is attached to the house or any structure that goes with the house (ex: fence, roof, deck, etc.) in anyway. It may be installed with a removable tripod or pole in the ground. The vendor must utilize the pre existing entry point. If no service has ever been installed prior, you have authorization to make one entry point into the building at ground level. If there is a Home Owners Association (HOA), installation and use must comply with the HOA rules and regulations. Check with your HOA for information.

All cost, expenses and damage resulting from the installation will be the sole responsibility of the tenant.
